Meet David Finchum

David lives by his statement that “When you invest in yourself - you’re investing in the future lives you will impact along the way. You can’t put a value on personal and professional integrity. Anyone can tear people down, it takes a servant leader to build them up.” Living this mission has brought him wide-spread recognition as a corporate coach, trainer, and motivational conference speaker.

He is President & Owner of Finchum Consulting and as a servant leader, David’s forward-thinking business approach has helped successfully launch many business and leadership development programs, including the first-ever national Live2Lead simulcast in Lima, Ohio.

TESTIMONIALS

I have known Dave for 15+ yrs. I have seen him in all types of settings and situations. His attention to specific detail with every client is impeccable. In other words, he gets to know his clients so he can deliver exactly what they want and need in a timely manner. He has an uncanny way to uncover your true needs and wants.

His energy and enthusiasm are contagious. His communication skills are at the top of the scale as he can relate the same to an owner as to an associate, one on one or a team, he can make it happen. I would highly recommend David.

- Paul Swartz, President of Swartz Contracting & Emergency Services

Thanks for a great job at our seminar last week. Your reviews from attendees have been overwhelmingly positive. You took a difficult topic and made it fun and interesting. You were obviously very prepared and your knowledge of the subject coupled with a skillful delivery made for a great day.
